Hi Mike,

Your Dad told me you are interested in family history - I don't know how much you know about the "Curry" gang - but it's a long long story - Ray Curry, and his Cousin Leon were working on a book - your father and your Uncle Dan know about it and if you need any help in figuring out the relations - I'm sure Uncle Dan could help you - I was about to dispose of all this - since there will be no book - due to Ray's death - your Dad said you would like to read it - so here it is - it's all in letter I received from Ray and calls - I was the only living Curry that knew what he needed - So - good luck - love from - and enjoy -  
Love,

Aunt Mildred
